ABOUT US:

The institute was named **"Vidya Ashram Career Institute"** with a vision to impart education in an effective and understandable way, where many young minds will be shaped with the essence of winning the toughest examinations. Winning is possible only when one has the power to perceive the need of the hour. The prime focus of the institute is to provide systematic and practical based classroom coaching to aspiring students.

VISION :

Our aim is to become one of the most admired brands in the education sector and help young aspirants make their dreams come true through quality teaching, technology-enabled systems, and commitment. We believe that the hard labor and efforts of children require the right channel to blossom into success stories. We aim to train more such hardworking and bright young minds towards their goals by producing double-digit all India top 100 rank holders. With our clear-cut, straightforward result-oriented strategy, we are nearing towards that dream every day.

MISSION:

Our mission is to create an environment of academic excellence enabled by modern pedagogy and technology to impart quality education to students aspiring for the best engineering, medical, and commerce colleges of the country through personalized learning schedules, individual attention, top-notch teaching faculty, and the best educational infrastructure. We strive to inculcate in our children an analytical bend of mind, critical thinking, and an undying curiosity, qualities which we believe help in nurturing successful lifelong learners and not just toppers of entrance exams or colleges/schools. Our teaching methodologies and curriculum are designed to clear out students' doubts and instil conceptual clarity right down to its roots to establish a firm foundation of academic excellence.

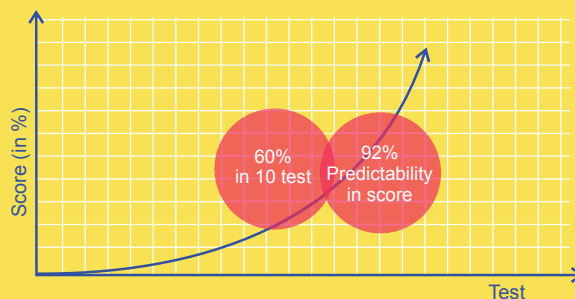

WHICH WILL MAKE US ACHIEVE OUR VISION & MISSION.....

MESSAGE FROM THE CHAIRMAN

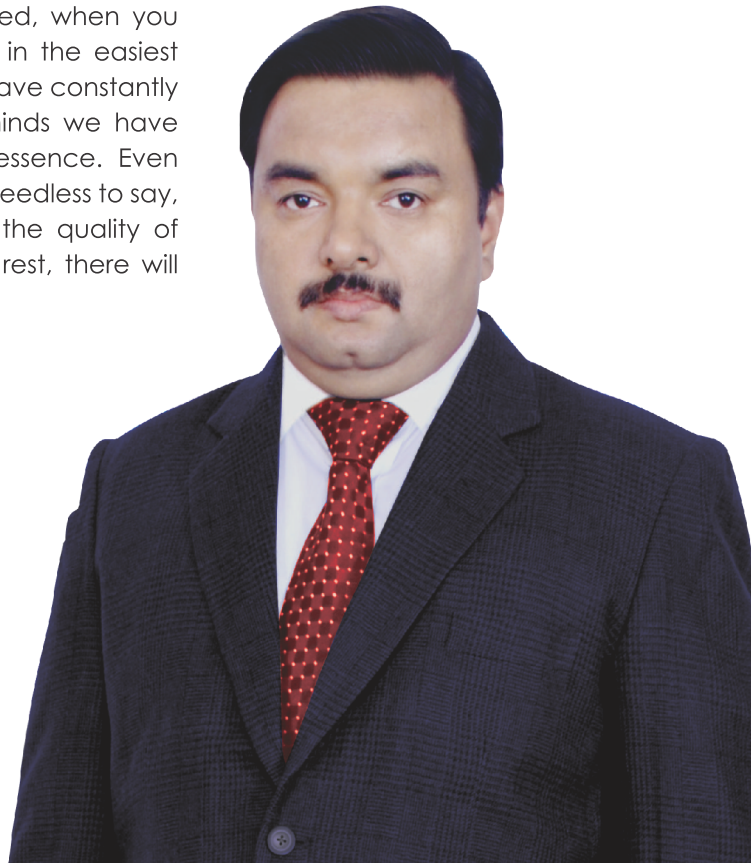

“ALL YOU NEED IN THIS LIFE IS
IGNORANCE AND CONFIDENCE,
AND THEN SUCCESS IS SURE.”

Dear Parents/Students,

Welcome to **Vidya Ashram Career Institute**. I would like to communicate our aim of Success to all those young minds who have a desire to succeed in some of the toughest Entrance Exams of the country, and are willing to work hard with us. I assure you that to translate your dreams into reality, we leave no stone unturned. Every moment in life is a fresh beginning that brings with it the boundless joy of new possibilities and the pleasure is compounded, when you know, you are about to realize the toughest goal in the easiest possible way. Since the time we began in 2014, we have constantly strived for excellence. Like for the many young minds we have shaped, it's the winning spirit that has been of essence. Even quintessential, if you look at it from our perspective. Needless to say, the endeavor to nurture and even further enrich the quality of education will be our constant feature. As for the rest, there will always be changes.

Regards,

Mr. Avaneesh Awasthi
(Chairman)

CLASSROOM PROGRAM IX-X

FOCUS OF PROGRAM:

Class X Boards is considered as the first milestone in the journey of our educational life. If a student scores good marks in class X then this marks drive him/her throughout the career and gives lots of confidence to the student for his/her future academic career. We put maximum focus on board exam preparation by clearing basic doubts of the students and covering the entire school syllabus. Beside the above we develop thinking ability amongst the students for future competitions and especially who wants to prepare for NTSE or different Olympiads.

Number of Classes in a Day:	4 Classes

Tailor made Olympiad program:

Under our Olympiad program we teach students of focusing specifically on Olympiads which gives the student a distinctive competitive edge over others, besides providing him/her with National and International talent exposure. It also helps the student to realize his/her talent and area of interest for excellence, which is of extreme importance in today's scenario.

DISTINCTIVE FEATURES:

PHASE WISE TESTS

These tests are conducted periodically during the classroom programs and after every test, the students are provided with necessary inputs and extra classes if needed. There are generally five to six tests organized for this purpose

Practice Paper Notes (PPN):

Every classroom program student is provided a study material specially prepared for VACI students. This package is a collection of few toughest level problems to develop students' thinking ability and increase their IQ level. These packages are not available anywhere else and are called Practice Paper Notes.

The Winning Methodology

Our methodology makes students capable of creatively resolving complex & tricky problems by improving and sharpening their analytical skills & parallel thinking processes. We develop and share the right strategies from time to time to optimize students' output.

Innovative Programs & Concepts

Innovation is the essence at VACI. We are the pioneers in designing a specific "Intelligence and Aptitude Quotient Test" to know the temperament and potential of a student for IIT-JEE. The student's score in this test helps us judge his/her potential in the beginning itself and the level of input required for his/her success. This makes our Classroom Programs very effective as we know in advance the level of input needed for different students. The beauty of the program is that we keep close co-ordination with school. Together we identify the potential level of the students and make separate groups. We then proceed with different strategies based on the respective strengths or weaknesses of the groups.

The Total Success Approach

Even though our programs aim at JEE (Main & Advanced) as well as NEET, we prepare students comprehensively also for KVPY, SAT, Olympiads, NTSE and all other important Engineering Entrance Exams including BITS-SAT/VITEEE etc. keeping schooling at top priority.

Academic Team

Academic team works round the clock to ensure that our teaching methodology gels with our own program, study material and course structure. This committed team keeps a keen eye on the latest developments and changes in the IIT-JEE/or other prestigious Engineering Entrance Exams/Medical/Olympiads/NTSE/KVPY and swiftly incorporates them in the course curriculum.

COURSE OBJECTIVES

- Result oriented study with selection in the premium institutes in India
- Share the benefits of expertise by imparting knowledge to the students.
- Provide the benefits of highly researched and extensive course content to students within specific time periods.

- Minimum 4-5 lectures per week in each subject.

FACULTY

Apart from his/her own, the most important role in a student's success is played by the faculty or the teacher.

VIDYA ASHRAM CAREER INSTITUTE strives to have one of the finest faculty teams across the country in terms of strength, coaching experience, qualification, competence and most importantly, care. Both in IIT JEE and NEET divisions faculty members are graduates or post-graduates from top degree colleges to provide an experienced mentoring to students.

All the faculty members are recruited through a rigorous recruitment process which involves scrutiny of applications, written tests, demonstration lecture and a personal interview. All new recruited faculty members undergo an intensive training program called "BHAVISHYA", where his/her knowledge, attitude and communication skills are further sharpened.

New faculty members also attend the classes of senior faculty members to understand the teaching methodology, effective use of teaching aids and general behavior in classroom. Faculty members also work on motivation of students and stress management tips to revitalize the students and maintain their momentum towards the ultimate target. To further groom and refine the skills of young teachers, a Rigorous Faculty Development Program (RFDP) is designed under which continuous enrichment and value addition is done to keep them aware of changing trends in competitive examinations.
